

Together, Let's turn purpose into progress

Dear REEDS Family,

As we enter the new fiscal year, we do so with optimism and renewed purpose. Encouraging pledges of support continue to energize our mission to create lasting change in rural communities.

Driving Change, Creating Impact

In the months ahead, we look forward to launching Project RISE - Resources and Innovation for Sustainable Enterprises, designed to promote and scale rural micro and small enterprises, unlocking opportunities for local entrepreneurship and sustainable livelihoods. We're also expanding our impactful, Empowering Children through WASH Awareness program to reach even more schools. April activities like painting competitions have made learning joyful and meaningful. Students are not just learning, they're leading, as simple, consistent health habits begin to turn into lifelong changes.

[Sponsor a school today, help build healthier futures. Be part of the change](#)

Developmental Program Monitoring

In April, REEDS successfully completed its first special monitoring assignment since being re-empanelled as a National Level Monitoring Agency. The assignment covered a Tamil Nadu district under MGNREGA, further enhancing our grassroots-level understanding of rural development interventions.

Safe Water for Thousands

As an implementation support agency for Evident Action International, we're scaling in-line chlorination technology under the Jal Jeevan Mission. In April, we helped bring safe drinking water to 10 more villages, a vital step toward dignity and well-being.

Mark the Day: July 6 - World Rural Development Day

The United Nations has declared July 6 as World Rural Development Day, coinciding with the Foundation Day of CIRDAP, our valued development partner. Let's make this day count through action. Let's unite, act, and recommit to the cause.

In Fragile Times, We Hope for Peace

As we write this newsletter, unsettling developments continue to unfold. The recent violence in Kashmir has sharply escalated regional tensions, bringing India and Pakistan to a fragile crossroads. The cost of conflict reaches far beyond the frontlines, shattering lives, unsettling economies, and deepening instability across the region. At REEDS, our work is anchored in hope and resilience. In these delicate times, we stand in solidarity with millions who yearn for peace. We hope for a swift de-escalation for the sake of every community striving to build a future rooted in dignity, safety, and progress.
